Then select what banking center you bank with. Click "Log In". 2) You will then have to choose which method you prefer to get your secure access code: phone or email. Click "Continue". Once you receive your secure access code, type it on the screen and click "Continue". 3) You will then be presented with a legal disclosure. Please read and then click "I Accept" to continue. You will then fill out your personal information and click "Create Profile". You will then be asked to change your password. Type your new password in the "New Password" box and repeat the password in the "Confirm Password" box. Click on "Submit Password Change". 4) Now you're ready to bank online! The next time you login, you will have to get another secure access code. This is for your browser registration. You will have to do this step for each computer from which you access your account. 5) If you need help, please refer to the User Guide on the homepage. Click on "Read More" to download the guide. If you need further assistance, please call us.
